Dear Zekai,

We have received your request concerning the required study progress in view of the Modern Migration Policy act.

We have reviewed your **Study Progress Monitoring Form** and the attachment(s) and concluded that you obtained sufficient credits to meet the requirements for academic year 2023-2024.

Please note that the option to have part of your thesis, which has not been completed yet count towards your total number of credits, can only be used once. In the following years only completed courses count towards the total number of credits.

You can find additional general information about study progress and the Modern Migration Policy act on the following [website](#).

Kind regards,
On behalf of the Manager Academic Services of the TU Delft,
